

## YOUR MISSION

---

Homefront Hugs Kids and Teen Clubs are forming all around the country as our younger generations realize what a huge difference they can make in their own communities. You will thank our troops, give back to our veterans and families, learn what being free truly means as an American, helping your communities. As a Homefront Hugs volunteer, you will grow in your heart and your understanding for our veterans and their sacrifices, as you treasure your freedoms.

Our Nurses of *Operation Healing Angel* love their ducks which always accompany many needed items and treats! They are heroes too- just like our wounded!

## HOW DO I BECOME A VOLUNTEER?

---

Clubs are starting all over the country. You can join one or start one with the help of any adult, like your teacher or parent. You can also just volunteer directly with us at Homefront Hugs. But if you are ready to lead a club - let us know. Of course, always get your parent's permission if you are under 18. We also welcome college students who are always eager to give back and make this world a better place.

Being part of Homefront Hugs will help you realize there are countless ways to enjoy our freedoms and say thanks for them at the same time.

" Isn't it wonderful that none of us need wait a moment before starting to change the world ? " Anne Frank

# OUR HOMEFRONT HUGS PLEDGE

I promise to reach out to others in need,  
I promise to remember our troops who  
protect us and keep us free.  
I promise to do my best in school,  
studies, and any goals I set in thanks  
for my freedoms.  
I promise to treat everyone with respect  
and kindness including myself.  
I promise to help my community and  
environment,  
I promise to remember how lucky I am  
to live in peace thanks to our veterans.  
I promise to reach out to my peers when  
they need a smile or a hug.  
I promise to say NO MORE to bullying.
